

1 **Yaak School District**

2
3 **COVID-19 Emergency Measures**

1906

4
5 Student Instruction and Services

6
7 The School District has adopted the protocols outlined in this policy to govern during the term of
8 the declared public health emergency to ensure the delivery of education services to students
9 onsite at the school, offsite at other locations using available resources including but not limited
10 to online methods. The supervising teacher, principal, superintendent or designated personnel are
11 authorized to implement this policy.
12

13 As outlined in District Policy 2100, and except for students determined by the School District to
14 be proficient using School District assessments, the adopted calendar has a minimum number of
15 720 aggregate instructional hours for students in kindergarten through third grade; 1,080 hours
16 for students in fourth through eleventh grade and 1,050 hours for students in twelfth grade.
17

18 The School District may satisfy the aggregate number of hours through any combination of
19 onsite, offsite, and online instruction. The District administration is directed to ensure that all
20 students are offered access to the complete range of educational programs and services for the
21 education program required by the accreditation standards adopted by the Montana Board of
22 Public Education.
23

24 For the purposes of this policy and the School District's calculation of ANB and "aggregate
25 hours of instruction" within the meaning of that term in Montana law, the term "instruction"
26 shall be construed as being synonymous with and in support of the broader goals of "learning"
27 and full development of educational potential as set forth in Article X, Section 1 of the Montana
28 Constitution. Instruction includes innovative teaching strategies that focus on student
29 engagement for the purposes of developing a students' interests, passions, and strengths. The
30 term instruction shall include any directed, distributive, collaborative and/or experiential learning
31 activity provided, supervised, guided, facilitated or coordinated by the teacher of record in a
32 given course that is done purposely to achieve content proficiency and facilitate the learning of,
33 acquisition of knowledge, skills and abilities by, and to otherwise fulfill the full educational
34 potential of each child.
35

36 Staff shall calculate the number of hours students have received instruction as defined in this
37 policy through a combined calculation of services received onsite at the school or services
38 provided or accessed at offsite or online instructional settings including, but not limited to, any
39 combination of physical instructional packets, virtual or electronic based course meetings and
40 assignments, self-directed or parent-assisted learning opportunities, and other educational efforts
41 undertaken by the staff and students that can be given for grade or credit. Staff shall report
42 completed hours of instruction as defined in this policy to the supervising teacher, building
43 principal, or district administrator for final calculation.
44
45
46

Students shall receive grades for completed coursework in accordance with the grading scale for the individual staff member or the alternative grading procedures outlined in District Policy 1902.

The Board of Trustees may revise the school calendar to adjust the completion of the school year for particular grade levels and groups once students have satisfied the required number of applicable aggregate hours.

In order to comply with the requirements of the calendar, District Policy and Section 20-1-301, MCA, the District shall implement the instructional schedules and methods identified in this policy.

Offsite and Online Instructional Setting

The Board of Trustees authorizes offsite and online instruction of students in a manner that satisfies the aggregate number of instructional hours outlined in the School District's adopted or revised calendar for the 2019-2020 school year. Offsite and online delivery methods shall include a complete range of educational services offered by the School District and shall comply with the requirements of applicable statutes. Students completing course work through an offsite or online instructional setting shall be treated in and have their hours of instruction calculated in the same manner as students attending an onsite institutional setting.

The Board of Trustees authorizes the supervising teacher or district administrator to permit students to utilize an offsite or online instructional setting at parental request if onsite instruction is offered in the School District in accordance with Policy 1908.

Students receiving offsite delivery of education services may be eligible for assistance with accessibility to offsite or remote learning opportunities in accordance with District Policy 1904.

Proficiency-Based Learning

The Board of Trustees authorizes proficiency-based ANB calculation in situations when a student demonstrates proficiency in a course area as determined by the Board of Trustees using district assessments consistent with the School District's adopted Plan of Action, District Policy 1005FE, or other measures approved by the Board of Trustees during the course of the 2019-2020 school year.

The Board of Trustees waives the minimum number of instructional hours for students who demonstrate proficiency in a course area using district assessments that include, but are not limited to, the course or class teacher's determination of proficiency as defined by the Board of Trustees. This determination shall be based on a review of the student's completed coursework, participation in course delivery, and other methods applicable to the specific course or class. The

Board of Trustees authorizes the use of the proficiency determination process for students who have selected this method of delivery, students for whom the School District is unable to document satisfaction of the required minimum aggregate number of hours through the offsite or onsite methods outlined in this policy, or other students whom School District personnel determine satisfy the definition of proficient or meeting proficiency.

This provision is based in the declaration by the Montana Legislature that any regulation discriminating against a student who has participated in proficiency-based learning is inconsistent with the Montana Constitution.

Special Education and Accommodation of Disabilities or Diagnoses

Students shall receive services in accordance with the applicable Individualized Education Plan or Section 504 Plan based on methods and locations agreed upon and documented by the applicable team to meet the student's needs and goals. The supervising teacher or building administrator shall coordinate with parents and the special education staff or cooperative to ensure all applicable statutes are followed in accordance with U.S. Department of Education guidelines.

Student Attendance

The Board of Trustees authorizes the supervising teacher, building principal or district administration to set an attendance policy for students that takes into account the location of instructional services, the applicability of proficiency-based instruction, the student's grade level, and the health and safety of the student and their household. Students are expected to complete assigned work. If a student is not present for the instructional day, the student shall be permitted to complete all work assigned by the teacher if not present for instruction within a reasonable period of time determined by the teacher. Students shall not lose credit or incur a grade reduction for reasons related to attendance without good reason as determined by the Board of Trustees.

Student Safety and Counseling

Students shall have access to regular school counseling services whether their instruction is provided in an onsite, offsite or online setting. Staff shall promptly report any suspected student distress or concern to their supervisor for review and referral. Students receiving instruction in an offsite setting are governed by the staff obligation to report suspected child abuse or neglect.

Homeless Students and Students in Foster Care

This policy in no way limits or adjusts the School Districts obligations to homeless students or students in foster care. Applicable District policies serving these students or this population of students remain in full effect.

Student Discipline

This policy in no way limits or adjusts the School District's expectations for student conduct. All applicable district policies and handbook provisions governing student conduct remain in full effect.
