Accommodating Individuals With Disabilities

Individuals with disabilities shall be provided opportunity to participate in all school-sponsored services, programs, or activities on a basis equal to those without disabilities and will not be subject to illegal discrimination.

The District may provide auxiliary aids and services when necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity.

Each service, program, or activity operated in existing facilities shall be readily accessible to, and usable by, individuals with disabilities. New construction and alterations to facilities existing before January 26, 1992, will be accessible when viewed in their entirety.

The Head Teacher is designated the Americans with Disabilities Act Title II Coordinator and, in that capacity, is directed to:

1. Oversee District compliance efforts, recommend to the Board necessary modifications, and maintain the District's final Title II self-evaluation document and keep it available for public inspection.
2. Institute plans to make information regarding Title II protection available to any interested party.

An individual with a disability should notify the Head Teacher if they have a disability which will require special assistance or services and what services are required. This notification should occur as far as possible before the school-sponsored function, program, or meeting.
